Description

The 10th edition of the **Immunotherapies & Innovations for Infectious Diseases Congress (I4ID2026)** will take place on October 22-23, 2026 at emlyon business school, Lyon, France.

Organized by **MabDesign**, a French organization dedicated to supporting the biomanufacturing and biotherapy ecosystem, I4ID is an international congress that brings together key stakeholders from academia, industry, and healthcare institutions to explore the latest innovations in **immunotherapy, diagnostics, prevention, and treatment of infectious diseases**.

This year's program will focus on 6 main themes:

- Alternative to current antibiotics & antivirals
- Immunotherapies & new biotherapeutics
- One Health Approach to Tackling Infectious Diseases
- Innovations in human vaccines
- Global Challenges in Animal Infectious Diseases
- Advances in Diagnostics, Prognostics and Biomarker Discovery

⇒ You can consult the program here: <https://i4id.org/program/>

For this edition, we expect **over 250 participants**, including international key opinion leaders such as:

- Dr. Senjuti Saha (Child Health Research Foundation)
- Dr. Meta Roestenberg (Leiden University Medical Center)
- Dr. Nihal Engin Vrana (Spartha Medical)
- Dr. Thouraya Boussoffara (Institut Pasteur de Tunis)
- And experts from major biotech and pharmaceutical companies

⇒ You can consult the program here: <https://i4id.org/program/>

You can find more information about the event here: <https://i4id.org> and the registration fees here: <https://i4id.org/register-b2b-access/>
